

Our greetings and love/light to all seekers!

It's time for an L/L Research fund-raising effort! And dear ones, it is necessary if we wish to continue our collaborative labor of love. Were it not for those donations, which last year represented 57% of our income, we could not pay our bills!

It has been a quiet year for Carla, who has had two major surgeries since March 2010 on her spine. Both spinal fusions were successful! This is wonderful news. However, the recovery time is long. It will be about another year after her most recent April surgery before she is back on her feet, literally and figuratively.

One of the many miracles of L/L Research is that this has not stopped the devoted band of staff and volunteers from continuing to offer new ways to serve our seekers and provide resources for you.

- Our digital downloads series has begun, thanks to the brilliant offices of Bring4th webmaster Steve! In this project, the audio of an original Ra channeling session is offered in full through our [online store](#). It is followed by a recorded conversation from Jim and Carla as they look over the material. Their comments might be about the material itself or of things recalled from that particular moment in time.
- *The Aaron-Q'uo Dialogues* are almost ready for publication and will show up in bookstores and on the internet in October 2011. Send Gary an email if you would like to be added to the notification list when this is published.
- Volunteer Webmaster Ian of www.llresearch.org goes from strength to strength as he continues to add to our archives with speeches, channeling sessions and many foreign language translations of *The Ra Material*.
- 22 new channelings, some through Carla's Channeling Circle and some featuring work done only with Carla serving as instrument, are in the archives for seekers who may find the material useful. Carla worked as much as she could between her two operations, as she healed from the first one.
- Monica and Carla offered a weekly radio show for several months, between October 2010 and March 2011, which the statistics show to be quite popular by our standards, with hundreds of archive listeners for each show. When Carla returns to vibrant health, we had some ideas for making the show better, which we received from those of you who wrote in with suggestions.
- We've added another volunteer moderator to the L/L Research Forums. Thank you Aaron! There are lots of threads, over 2,600, and 47,000+ posts since the Bring4th Forums opened two Christmases ago – So checking on the forums to make certain that our posts are loving conversation above all takes more time than it used to!

- Volunteer Renee Martine joined the home crew from October 2010 to March 2011 and began a [continuing series of videos](#) pointing up the teachings our material offers and Carla's comments. Renee has been a very prolific volunteer, and has completed 17 of these videos so far
- Melissa has done an excellent job of caretaking Avalon Farm and we are excited to say that we now have a well on Avalon! Under her affectionate and hard-working care, the place is blooming and beginning to look more and more like the start-up of a bio-dynamic farming program. This was L/L Research's goal in working with the farm, its spiritual energies and its physical acreage.
- Gary has done his usual wonders serving as the central processing unit of L/L Research, coordinating our various activities, and responding to the concerns of seekers. He sent 453 emails last month! And the planning for our 2011 Homecoming is also in his capable hands. Twenty-two people have already signed up for it. We will have to cap that number off at around forty, so please get your reservations in soon!
- Volunteer Romi has prepared a new laptop for Carla and beefed up other, older PCs for staff use. He keeps five computers going in a local area network for us and keeps the whole shebang running! Something he has done faithfully for almost twenty years now.
- Volunteer Tobey has come a very long way in working on the most correct version of *The Law of One* possible. He has re-listened to all the original tapes of the sessions and others are now in the process of re-re-listening just to make sure we have every word correctly transcribed. Tobey has created a website, www.lawofone.info that contains this text, along with extensive on-site search tools for that material.

So clearly we need you! None of these volunteers would have a place to put their work were it not for your donations. Can you spare some money? Please send a donation if you can! It is your generosity that keeps our financial wheels a-rollin! Do you have something – a technical gift, a skill we might be able to use? Check our volunteers' wish list, or just write Gary at contact@llresearch.org and tell him what you can offer. Can you spare a prayer, a good thought for the planet that is our home? Join us daily in the inner planes through meditation. Jim and Carla start each day with their Morning Offering as they ask to serve, and the [Gaia Meditation](#) each night at 9:00 pm eastern as they ask for peace in the heart of those in this world.

We love you, each and every soul, so much! We very much feel your strength and support. Thank you so very much for being part of this labor of love. Carla asks you to accept her deepest gratitude for your absent healing, prayers, and supportive energies during her recovery.

L/L -

Jim, Carla, Roman, Ian, Gary, Melissa, Steve, Monica, Lorena, Renee, and Aaron (x2)
